REPORT OF SELECTMEN

This past year has been a busy but routine one insofar as the members of this Board have been concerned. It appears that each year brings an increasing work load to all of your Town Officers. It is our feeling that the Board must meet on a weekly basis, although it is our understanding that many other towns of comparable size do not do so. Weekly meetings enable us to pay bills promptly thus taking advantage of discounts available with the resultant saving to the Town of many dollars, prompt payment of outstanding bills also enhances the credit rating of Nelson.

The resignation of Francis P. Driscoll Jr., as Fire Chief and Civil Defense Director was accepted with regret and Raymond Huber was appointed Fire Chief and Ronald Lyon Civil Defense Director to fill Mr. Driscoll's unexpired term. Both of these gentlemen have taken over their offices in a most creditable manner.

Notes for money borrowed in anticipation of tax revenue were paid prior to the due date and payments to the Reserve Funds were made to the Trustees as promptly as possible.

In company with the Harrisville Selectmen the line between the two towns was perambulated as required and boundary markers inspected.

It will be noted that no action was taken on Article 28 as voted by the Town, the reason being that because of the Viet Nam situation no Federal Funds were made available as indicated in said article.

We are pleased to report the suit of Nature Conservancy versus the Town was decided in favor of the Town. It may be of interest to the taxpayers to advise that the matter was brought before the Superior Court and transferred to the State Supreme Court which made the decision in Nelson's favor-this

decision was requested to be reviewed by Nature Conservancy and the original ruling allowed to stand. Mr. James S. Davis, Esq., Town Counsel did an excellent job in representing Nelson in this matter and thru his efforts in securing a favorable decision, needed tax dollars from this property will not be lost. We would also like to point out that it was not necessary to use the entire amount of money appropriated to defend this court action.

As always the fine cooperation of the rest of the officers as well as the understanding of the residents made the work load of your Selectmen much easier and for this help we extend our thanks.

Respectfully submitted,
ARNOLD G. MINER
ETHAN C. TOLMAN
KENNETH B. BALCH

REPORT OF THE CEMETERY BOARD

1966

The work of maintenance and general improvement of both sections of the cemetery has been continuing as usual during the year. But, due to more frequent rainfall, it has been necessary to devote more time to mowing with consequently less time for the grading and improvements we had hoped to accomplish.

In the Henry Melville Extension a hemlock hedge has been set along part of the boundary line between this section and the property of Mr. Henry Fuller, which can be extended toward the west as the area is later developed.

A stockpile of loam should be replenished in order to continue the process of grading and seeding the older section and several headstones require repair during this year.

We recommend that the Town appropriate \$300.00 for this work in 1967.

REPORT OF THE POLICE OFFICER

This past year has been an active one insofar as activity of the members of Nelson Police Department were concerned.

The amount of traffic passing thru the Town seems to increase each year and it is hoped that in the very near future new construction contemplated by the state will serve to relieve the situation in Munsonville on Route 9.

We were fortunate that there were no fatal accidents to report this year. A total of 17 accidents were reported and investigated. Four emergency trips were made to the hospital and seven complaints investigated involving missing persons, dogs, breaks into dwellings and reports of malicious damage.

It is the opinion of this officer that consideration be given by the Town, relative to increasing the compensation of its law enforcement personnel, both your constable and police officer have been more than willing to answer any call either day or night and will continue to serve to the best of their ability as

in the past whether or not the Town acts upon the above recommendation.

It is again a pleasure to report that the members of Troop C New Hampshire State Police, Cheshire County Sheriff's Department, the Keene Police Department, and the Mutual Aid Center have been most cooperative and willing to assist Nelson whenever called.

Respectfully submitted,
KENNETH B. BALCH,
Police Officer

REPORT OF THE NELSON FIRE DEPARTMENT

The department responded to twelve fires in 1966, five house fires, two dump fires, one brush fire and four Mutual Aid calls.

This year the department purchased the following fire fighting equipment; two portable pumps, two fifteen pound CO2 extinguishers, one 115 volt AC portable generator, two coats with reflective sleeves for traffic work, two pair of boots and one ice augur.

Last summer the department sponsored a beginners swimming class, the cost of which was underwritten from the department's own funds.

This winter a skating rink was sponsored, maintained, and lighted on Granite Lake for use by all.

Training sessions were held regularly throughout the year on the use of all fire and safety equipment.

Four new members joined our department which brings our membership to twenty-three.

Respectfully Submitted,
RAYMOND G. HUBER,
Chief

REPORT OF THE CIVIL DEFENSE DIRECTOR

Activities in 1966 have been limited by a change in personnel.

The project of the year has been putting the school library in order. It is now properly cataloged and filed up to date.

Smaller projects have consisted of arranging for interesting exhibits in the Library.

Roger Hill has displayed and explained to a group of children his interesting Dinosaur Collection.

Our Christmas exhibit, loaned us by the chairman of our Trustee board was an exquisite hand-carved creche put together with tiny pegs. Other exhibits are being planned.

Open House, the afternoon of July 12th brought together a congenial group of authors, teachers, librarians and other book lovers, and new friends were made for the library.

Oct. 25th, we entertained the pre-school group from "The Ding Dong School" with a Halloween Party. Halloween stories were read and refreshments served. Then each child was allowed to select a book to take home and for many this was a new and thrilling experience.

Nov. 25th, relatives and friends of Alice Sharples, who served as our Librarian for many years, met in our building for a service in her memory.

Kay Fox, the Keene librarian has visited us and secured material regarding the library, which will appear later in a book she is writing regarding the smaller libraries of Cheshire County.

For equipment a much needed magazine rack has been purchased. The County Bookmobile of the State Extension Service made five visits during the year leaving 1096 books.

We wish to express our thanks to all who have generously donated books or served us in other ways.

Respectfully submitted,
MYRA G. HARDY,

Librarian

REPORT OF YOUR MONADNOCK REGION ASSOCIATION

To the Town of Nelson

The stated aims of your Monadnock Region Association, now in its 34th year of existence, are as follows: To help the Monadnock Region remain beautiful, to promote worthwhile organizations, to increase the prosperity of its inhabitants, to encourage the development of parks and recreation facilities, and to be of service to all who live, work or visit here.

During the past year your Association has sponsored 4-H activities, Boy Scouts, Boys' State, forestry betterment, Philharmonic Concerts and ham radio groups. We have given slide lectures, talks on Parliamentary procedure, and duties of Town Officers. In cooperation with the National Society we sponsored the First Covered Bridge Festival to be held in New England. We have attended public hearings whenever the interests of the Region or any Town were at stake.

We continue to work for roadside beautification, conservation of resources, and protection of wild life. We publicize historic sites, points of interest and natural attractions. In various ways we have contributed to the development of the Region along cultural and educational lines to the end that such advantages are apparent and a factor in inducing desirable and valuable people to locate in the Monadnock Region.

Your Region Association will tackle any problem advancing the livability of the area of the Monadnocks for natives, visitors or new residents.

BICENTENNIAL COMMITTEE REPORT

Your committee has been busy with a variety of projects as outlined in the original general letter distributed throughout the town by the chairman during the early planning stages of preparation for our 1967 celebration. Among these are the following items.

The town history is progressing well with much of its material now in the hands of the printer.

A complete census of both cemeteries is completed and already has proven useful in checking geneological names and dates.

Pictures of historical interest are being processed for use in various publications.

Much of the groundwork has been completed for plans of activities extending from July first to Labor Day with major events, as much as possible, being included within Old Home Week in August.

Respectfully Submitted,
Rodger M. Tolman, Secretary

The current enrollment reveals a total of 47 young people enrolled in grades one through twelve. This is a net decrease of two over a year ago. The elementary enrollment remained the same whereas the high school enrollment is two less than a year ago.

The possible future first grade enrollments are based upon school census accounting performed during the summer. Obviously, any migration, in or out, or births which may have occurred since then is not included.

Although trends are difficult to forecast in schools where the population is relatively small, it does appear that we can expect an increase in elementary enrollments. This was also predicted a year ago and the situation does not appear to have changed significantly.

SCHOOL FACILITIES: In addition to the usual program of summer maintenance, repairs were made to the school fence, the cement cover for the dry well was replaced, and the septic tank was cleaned out and new creosoted planks provided for a covering.

EDUCATIONAL PROGRAM: The AREA School Plan which was voted by the school districts of Harrisville, Chesterfield, Keene, Nelson and Westmoreland, is now a reality. This plan guarantees for all districts a common high school through a long term tuition arrangement with Keene.

The State Board of Education has voted to further unite these communities together with Marlborough under a common supervisory union. This means that, although each district will govern its own schools through its own school board, they will share the services of a central supervisory office, which will undoubtedly be located in Keene. The purpose of the reorganization is to provide expanded administrative services and better coordination of the total school program in an area which already has common economic, geographic, educational and social ties.

As a result of the supervisory union reorganization, this will be the final annual report for your present superintendent. I wish to take this opportunity to express my appreciation for

the encouragement and support which I have received during the past five years. This relationship of mutual respect is one which I shall miss. Again, I express my sincere gratitude to the teachers, pupils and parents, the School Board, and all the patrons of our school for their understanding and cooperation during the time that I have been associated with the Nelson School System.
